1/48 Saab J-29 Tunnan

1/72 Vought F6U Pirate

1/72 Ki-30 "Ann"

1/144 Jak-40

1/144 IL-18

Dear customers,

They drive here for some news that we would like to share with you. First, we managed to complete construction of our new AZ center building, where they should be more space and better working conditions. It was with much arranging and nerves but eventually the work certainly paid off. Moving should start as soon as possible. And now back to the models. This is news model AZ and Admiral in August and September 2011. First, as we bring you photos are the first pressings of the new model

Saab J-29 Tunnan scale 1 / 48. The model in the photos are not yet fully complete.

It contains more complete resin. The resin parts should be more input pipe

Air and ejection seat. In addition, the photos are missing etched parts which should include the dashboard, lashing belts, and other details.

Furthermore, as a surprise to the builder of airliners on the scale 1 / 144 we have a smaller surprises in the form of aircraft that will be offered in several versions. The pictures are "Master" has rough outline.

Of course, for builders in scale 1 / 72 we made model Japanese light bomber Mitsubishi Ki-30 "Ann", which will offered in three boxes. The model of the new forms and will include resin parts

(Engine, wheels, bombs) and sprayed cabin. For those who dont like transport aircraft, or quarter scale or aircraft of World War II have been decorated with two boxes under the brand Admiral jet aircraft with the U.S. Navy Vought F6U the Pirate versions of "Early" and "Late". The model will be again on new forms and will include sprayed cabin, resin parts (cockpit tub, seat) and etched parts, decals quality of Avi print company.

Some of these new kits should be available in September.

Thank you for reading..

Sincerely AZ model.
